TUTORIAL API KEYS

BINANCE

Register here: https://www.binance.com/en/

🇬🇧 Login to your Binance account.
At the top right of your screen position your cursor on the icon and scroll down to the line "**API Management**".
Now name your API key Beontrade for exemple (if you use several APIs for different programs this will be very useful) then click on "**Create**".
A pop-up window will appear on the screen.
Click on "**Send Code**" and you will receive a 6-digit code by email.
If you have installed the 2FA please enter the code as well.
You now have your API keys and all you have to do is copy and paste them into the "**Exchanges**" section of your Beontrade back office ☺

🇫🇷 Connectez-vous à votre compte Binance.
En haut à droite de votre écran positionnez votre curseur sur l'icône puis descendez jusqu'à la ligne "**API Management**".
Maintenant nommez votre API key Beontrade pour exemple (si vous utilisez plusieurs API pour divers programmes cela vous sera bien utile) puis cliquez sur "**Create**".
Une fenetre pop-up apparait à l'écran.
Cliquez sur "**Send Code**" et vous recevez un code à 6 chiffres par email.
Si vous avez installé le 2FA inscrivez aussi le code.
Vous avez maintenant vos API keys et il ne vous reste plus qu'à faire copier/coller dans la section "**Exchanges**" de votre back office Beontrade ☺

🇵🇹 Inicie sessão na sua conta Binance.
No canto superior direito do seu ecrã, posicione o seu cursor no ícone e desloque-se para baixo até à linha "**API Management**".
Agora nomeie a sua chave API Beontrade por exemplo (se utilizar várias APIs para diferentes programas isto será muito útil) e clique em "**Create**".
Uma janela pop-up aparecerá no ecrã.
Clique em "**Send Code**" e receberá um código de 6 dígitos por correio electrónico.
Se tiver instalado o 2FA, introduza também o código.
Tem agora as suas chaves API e tudo o que tem de fazer é copiá-las e colá-las na secção "**Exchanges**" do seu back office Beontrade ☺

🇪🇸 Acceda a su cuenta Binance.
En la parte superior derecha de la pantalla, coloque el cursor en el icono y desplácese hacia abajo hasta la línea "**API Management**".
Ahora nombra tu clave API Beontrade por exemplo (si utilizas varias API para diferentes programas esto será muy útil) y haz clic en "**Create**".
Aparecerá una ventana emergente en la pantalla.
Haga clic en "**Send Code**" y recibirá un código de 6 dígitos por correo electrónico.
Si ha instalado el 2FA, introduzca también el código.
Ahora tienes tus claves API y todo lo que tienes que hacer es copiarlas y pegarlas en la sección de "**Exchanges**" de tu back office Beontrade ☺
